The Consular Section
U.S. Embassy
95 Wireless Road
Bangkok 10330

October 18th, 2024

Dear U.S. Embassy,

AMAR International is one of the largest funeral companies in Australia and first opened more than 150 years ago. It wasn't until 2005, that AMAR International Asia Company opened its offices in Bangkok, Thailand. Over the past two years we have expanded our Bangkok offices; and whereas we continue to focus mainly on Thailand, we still offer services in Laos, and Vietnam.

We have vast experience working with Embassies and Consulates all around the world, and of course, here in Thailand. My colleague and spouse, Dao Mitchell, and I are former Consular officers. I worked as a Vice Consul at the British Embassy in Bangkok for more than 18 years before retiring to join AMAR in 2022. Dao worked at both the French and Canadian Embassies with a total of 8 years' experience, also in Consular.

We feel that we continue to have a great relationship with the Consular staff at the American Embassy, and we must commend the whole team on the way they handle our cases and collaborate so professionally and promptly with us and our team. First class!

Our funeral cremation prices have slightly risen since 2021, but not by much. This is due to a rise in products that we are required to purchase in order to conduct funeral cremations (Coffins, urns, flowers etc.).

However, we have reduced our full human remains repatriation prices to the U.S. due to the more competitive air freight costs that so many airlines now offer.

We feel that we provide a caring, quality service and especially pride ourselves on the way we deal with bereaved families, whether we are communicating with them from afar, or whether they happen to be present in Thailand.

For a no obligation conversation and more information on our repatriation and cremation services, families can contact us 24/7 by email on bangkok@amarepatriations.com

Office phone: +66 (0) 2 258 5946
