

HOW TO REQUEST AN EXPEDITED INTERVIEW

The U.S. Embassy *reviews expedited requests for business, education/exchange (F, M, J visas), medical emergency, on a case-by-case basis*. Students and exchange visitors requesting expedited appointments must provide an I-20 or DS-2019 form showing that they would miss the beginning of their courses/programs if not granted an expedited appointment.

Before requesting an expedited appointment, please pay visa fees and have documentary evidence to prove the urgency. You can provide information about scheduling constraints, but should not request a specific interview date or time. If you misrepresent the reasons for urgent travel, such facts will be noted and may influence the outcome of your visa application. Additionally, if you had previously been granted an appointment but subsequently refused a visa at the U.S. Embassy, or Consulate, you would not be allowed to schedule another expedited appointment.

Note: Travel for the purpose of attending wedding/graduation ceremonies, assisting pregnant relatives, participating in an annual business/academic/professional conference, or enjoying last-minute tourism does not qualify for expedited appointments. We do not expedite appointments simply for travelers' convenience, or advance booking of flight tickets. For such travel, please schedule a regular visa appointment well in advance.

STEP 1: COMPLETE FORM DS-160

STEP 3: SCHEDULE THE FIRST AVAILABLE APPOINTMENT

For expedited interview request, you should first login to your profiles on <https://www.ustraveldocs.com/th/en/nonimmigrant-visa> and schedule the earliest available appointment shown on the calendar, even if it is for a date after your travel need.
